"Bill" Pays the Bill.

Big "Bill" Tetley, the evangelist, stopped off here this week to visit his parents and other relatives. He was on his way to Archie, Mo., over near the Kansas line, to hold a series of meetings. He had been to Collinsville, Ill., to tie up a bag that had been left for him to hold there by a proposed revival program. An advance agent had been sent by Rev. Tetley to make arrangements for the tabernacle and advertise the meeting. Heavy costs had accrued, when the pastor of the Methodist Church was changed and the meeting was given up. It was left to the evangelist to go over and dig down in his pockets to square the accounts.—Bonne Terre Register.

A Much-Loved Woman Dies.

The community was profoundly stirred and grieved Tuesday morning when the sudden death of Miss Lucy A. McGready was announced. Miss McGready, who for many years had made her home with Dr. L. T. Hall, her brother-in-law, had been in failing health for several years, but her immediate death was not anticipated. She arose Tuesday morning and collapsed shortly afterwards, and soon passed away. She was in her 76th year and was a member of one of Potom's oldest and prominent families. Born here and spending her whole life in the community, she endeared herself to the succeeding generations of our people through her beautiful character and sympathetic nature, and to many of us her death comes as a personal loss. She was a life-long member of the Presbyterian church and a spiritual-minded, Christian woman. The funeral will take place this (Wednesday) afternoon.

Presbyterian Meeting a Big Success

The two-weeks' revival meeting at the Presbyterian Church, which came to a close last Sunday, was the most successful in interest and results held there in many years. While there was none of that sensational religious excitement so often accompanying revivals under modern evangelistic awakenings, a deep spiritual enthusiasm was, nevertheless, aroused in the community, resulting in fifty confessions to the faith. The membership of the Presbyterian congregation has, as a result of the meeting, had twenty-two accessions. The other Protestant churches will also make gains. The sermons of Dr. Trigg Thomas, State evangelist of the Presbyterian Church, were plain, wholesome doctrine, and bore a weight of conviction that will leave a lasting spiritual impression upon the minds of all who heard them. Rev. Mr. Anderson, the pastor, and the congregation of the Presbyterian Church are happy over the success of the meeting.

Perry County Farmer Captures Pelican With Rake.

Last Tuesday George Fassold, who lives on the Thomas Phillips farm near Brewer, captured a white pelican that measured eight and one half feet from tip to tip and had a bill fourteen inches long and a sack that would hold a peck of fish. Mr. Fassold saw something unusual in his field and going to investigate found a monster bird, that showed fight when he approached it. He went to the house and got a garden rake and managed to catch the bird's neck in the rake and after a tussle got the pelican by the wings and took it to the house. His son, Edgar, brought the bird to town, where it was some attraction, especially for the school children. R. R. Fenwick bought the pelican and turned it over to Arnold Schumacher, taxidermist, to mount, after which it will be on exhibition at Mr. Fenwick's saloon.—Perryville Republican.
